Originally founded in 1812, family-owned Champagne Laurent-Perrier has been defined by its pioneering role in innovating champagne throughout its history. Internationally recognised as one of the foremost names in champagne, its success can be attributed to a deliberate policy of challenging conventional techniques, whilst honouring traditional values. The Laurent-Perrier portfolio consists of eight champagnes from the prestigious Grand Siècle, to the iconic Cuvée Rosé and the latest addition to the range the Blanc de Blancs Brut Nature which was launched in 2019.

Additionally, as growers and producers of fine Champagne wines, Laurent-Perrier is committed to ceasing all practices or actions which may irremediably damage the environment. This pledge is translated and put into action in all activities, showing a continual respect for the environment and natural resources. The House's long-term policy in grape growing and wine elaboration is based on sustainable methods.
